## CONSTRUCTION UPDATE 2020 STREET & UTILITY PROJECT

June 12, 2020

The 2020 Street & Utility Improvement project includes improvements on Scott Court from Central Avenue to the west, and 8<sup>th</sup> Avenue SE from TH 30 to south of Brian Court. Scott Court Improvements will include replacement of sanitary sewer and water pipes within the roadway, new service pipe to homes, installation of storm sewer, curb & gutter and roadway asphalt pavement. The improvements to 8<sup>th</sup> Avenue will include reconstruction of utilities within the roadway, new services to homes, storm sewer improvements, new curb & gutter and roadway asphalt pavement.

**Construction will continue on Scott Court throughout the week of 6/15/20.** The contractor has completed the watermain, sanitary sewer, and storm sewer work on Scott Court. During the week of June 15, the contractor will continue installing and compacting the gravel section of the roadway.

**Construction will continue on 8<sup>th</sup> Avenue throughout the week of 6/15/20.** The contractor has completed the sanitary sewer and watermain installation from the south end of 8<sup>th</sup> Avenue through the Troendle Street intersection. During the week of June 15, the contractor will complete the sanitary sewer and watermain installation from Troendle Street through Silver Street. The contractor will then begin the storm sewer installation. Storm sewer will be installed from the south end of 8<sup>th</sup> Avenue up to the Mabel Court intersection; and from Troendle Street to Silver Street.

8th Avenue will remain closed from the south end of the project through Silver Street – residents should continue to park on the side streets to access their homes.

Residents will be kept up to date for the duration of construction with any changes in schedule or conflicts via these construction updates or door-to-door communication. Please note that rain or unforeseen circumstances could impact the contractor's schedule.

An informational video about what to expect during construction is available for viewing at the following link: [https://www.youtube.com/watch?v=iyFh4\\_3VpGY&feature=youtu.be](https://www.youtube.com/watch?v=iyFh4_3VpGY&feature=youtu.be)

We apologize for any inconvenience this may cause. Thank you for your cooperation and understanding throughout the process of improving your street and utilities! Please call **Joe Smith** with Bolton & Menk at (507) 676-3751, or approach him on site, if you have any questions or concerns.
