CONSTRUCTION UPDATE 2020 STREET & UTILITY PROJECT

June 5, 2020

The 2020 Street & Utility Improvement project includes improvements on Scott Court from Central Avenue to the west, and 8th Avenue SE from TH 30 to south of Brian Court. Scott Court Improvements will include replacement of sanitary sewer and water pipes within the roadway, new service pipe to homes, installation of storm sewer, curb & gutter and roadway asphalt pavement. The improvements to 8th Avenue will include reconstruction of utilities within the roadway, new services to homes, storm sewer improvements, new curb & gutter and roadway asphalt pavement.

Construction will continue on Scott Court throughout the week of 6/8/20. The contractor has completed the watermain, sanitary sewer, and storm sewer work on Scott Court. During the week of June 8, the contractor will continue to work towards compacting the roadway subgrade to a hard surface and installing the gravel base.

Construction will continue on 8th Avenue throughout the week of 6/8/20. The contractor has completed the sanitary sewer and watermain installation from the south end of 8th Avenue through Mabel Court. During the week of June 8, the contractor will complete curb & gutter and asphalt pavement removals from the Troendle Street intersection up to Silver Street. Upon completion of the removals, the contractor will install the sanitary sewer and watermain from Mabel Court up to the Silver Street intersection.

8th Avenue will be closed from the south end of the project through Silver Street – residents should continue to park on the side streets to access their homes.

Residents will be kept up to date for the duration of construction with any changes in schedule or conflicts via these construction updates or door-to-door communication. Please note that rain or unforeseen circumstances could impact the contractor's schedule.

An informational video about what to expect during construction is available for viewing at the following link:
